Subject	Response to Office Action 20.2756	Pages (inc)	24

I attempted to send the attached fax on September 15, 2003, but the fax would not receive at the number indicated, namely 703-305-7687. According to customer service, the USPTO was experiencing problems with the fax machine. I am resending the document this morning to an alternate fax number after talking to customer service for TC3600.

I have been instructed by Customer Service to resend the document sent yesterday with this cover sheet. As I discussed with you during our phone call today, I am resending the document as is and have not re-lated the certificate of service or the date on the signature page of the attached Office Action. If you have any questions or concerns, please feel free to contact me.
